March 29, 2022

Dear Funeral Directors,

Attached is the 2022 price sheet for Willow Glen Cemetery.

There is a **new charge** for second use of grave. This applies when cremated remains are added to a grave that contains a previous interment.

Also included are a few ***Interment Information Data*** sheets to be used when you have an interment for Willow Glen. This information should be as complete as possible and **must be delivered to the cemetery with the burial permit or cremation certificate before a burial will be allowed. You also will need to have a voice conversation to plan an interment just as you always have done in the past.** The interment information is to supplement the information that can be seen on the burial permit/cremation certificate and is data that we keep on file for each interment. This also helps the cemetery know who a current contact is for the lot being used.

The **Interment Information Data Sheet** can also be downloaded as a **.pdf** from our website, **[www.willowglencemetery.org](http://www.willowglencemetery.org)**

Please call the cemetery if you have any questions or need clarification about any issues.

Best regards,

Brad Perkins, President
